
“ASSISTING PERSONS WITH DISABILITIES TO WORK”

The Vocational Rehabilitation program provides persons with disabilities services that enable them to prepare for, enter, engage in or retain gainful employment.

WHO CAN APPLY FOR SERVICES?

Anyone can apply for vocational rehabilitation services if they have a physical, mental, or emotional disability that interferes with the ability to WORK and you need vocational rehabilitation services to WORK.

HOW DO I QUALIFY?

You may qualify for vocational rehabilitation services if you have a permanent disability which is substantially affecting your ability to WORK.

WORK NEEDS ASSESSMENT

You and your counselor will make choices about available services you will need to reach your employment goals.

WORK PLAN

You and your counselor will write a work plan that lists your responsibilities and the services needed to achieve your work goal.

VOCATIONAL SERVICES

Services will be based on your individual needs for the purpose of WORKING. If you qualify, we may be able to help with:

- vocational and technical training
- college and university training
- assistive technology
- vocational planning
- vocational assessments
- physical restoration
- personal assistance services
- job placement and follow-up
- job coaching

CLOSURE

Your case may be closed after you have been successfully employed for 90 days. You can request additional services after your case is closed if they are needed to keep you WORKING.

HOW LONG WILL THIS TAKE?

The length of time is different for each person depending on their needs and their WORK goals.

DO I HAVE TO PAY FOR V.R. SERVICES?

Our services are free to qualified individuals.

Please feel free to contact our office to see if you would qualify for our services.
