Guests and Staff Present:

Lesia Lambert

Linda McEntire welcomed those present and called the meeting to order.

Lesia Lambert informed those present that the U.S. Department of Labor had conducted virtual monitoring of the COVID grant in our area.

She presented the following finding: “Northwest Georgia Regional Commission failed to amend the contract with Kelly Services to include the National Dislocated Worker Grant temporary employee. “

In response to this finding by USDOL, NWGRC amended the contract agreement for temporary employees with Kelly Services to include language that the work performed is in support of the National Dislocated Worker Grant (NDWG) and comply with the terms and conditions of the Federal award. The updated contract amendment, documentation to show the amendment has been distributed to staff, and that training has been provided to the appropriate staff.

Jim Henry made the motion to approve this monitoring report. Mitchell Morgan seconded. Motion carried unanimously.

There being no further business, the meeting adjourned.
