

**One-Stop Operator
Bidders Conference
December 11, 2019**

1. Q: Are agencies able to collaborate in the operation of the One-Stop? For example; Is one agency able to operate the one-stop with another agency providing the space?

A: Yes.
2. Q: Are three partners required for a collaboration?

A: Three partners are required for a consortium.
3. Q: What amount of funds may be allocated to a satellite location? Is this fully funded or partial funding?

A: To be an affiliate or a specialized site, at least one WIOA service must be provided at that site. However, this RFP is requesting proposals for the entire one-stop operator. The funding provided is dependent upon the proposal and services offered.
4. Q: The RFP gives a range of funding \$125,000 to \$225,000, what services are required to obtain funding at the higher amount?

A: It is based on the budget submitted with the proposal.
5. Q: Will the grant allow for a One-Stop to be developed to specialize on one specific group, such as a location with emphasis on youth training?

A: A One-Stop can be a specialized site if at least one service is provided. However, as mentioned above, this RFP is for a one-stop operator.
6. Q: On the Contract Information Sheet, you have the project goals. It looks like a Title I program design. Would you expect numbers in each box or can that be marked "N/A."
