 - Helping high school students achieve success through an individualized program of study that includes rigorous and relevant instruction in academic and

career/technical courses, planned and structured work based learning opportunities, and a seamless transition to post-secondary education and the workforce

- NWGCCA will:
 - ◆ Create an innovative curriculum that will focus on the integration of core academics and advanced career-technical education programs
 - ◆ Strive to improve student achievement, create a stronger sense of affiliation, and better prepare students for post-secondary and career choices
 - ◆ Help direct students to focus on their future and to help students apply academic and technical skills and abilities into career experiences
 - ◆ Link education with economic and workforce development to support the Northwest Georgia region

- **Northwest Georgia Regional Commission**
 - Phone: (706) 272-2300
 - Website: www.nwgrc.org
 - Youth Services:
 - ◆ Youth Success Academy- Provides opportunities for youth who have dropped out of school or for youth 14 to 21 who need additional education or work related assistance; limited number of scholarships available for youth 19 or older who are recent high school graduates; youth interested in this scholarship should contact the NWGRC
 - ◆ Individual Training Account- Young people ages 19 to 21 may be eligible for the ITA program; ITA is similar to a bank account where a sum of money is set aside to assist in paying for an individual's training; pays for training in a specific occupation or program of study
 - ◆ GED Program- Youth ages 16 to 21 who have dropped out of high school can obtain their GEDs; during the program, youth will receive other specialized services that will help with further career training and finding employment; offered through Endless Opportunities (located in Whitfield County) and Northwest Technical College (located in Walker County)
 - ◆ Youth Apprenticeship- Allows junior and senior high school students to explore the career area of their choice before making college, technical school, and fulltime employment decisions; establishes a "career pathway" to the real world so that students can make connections between classroom study and applying those skills to work
