

WorkSource Northwest Georgia Out of State Training Providers Policy

In order for WIOA students to access training through Out-of-State Training Providers not currently on the ETPL, the training providers must comply with the conditions set forth below before the Local Workforce Development Board may consider contracting with the provider.

The provider shall:

1. Submit an application for Initial Eligibility, including program description attachments;
2. Submit evidence that the provider is accredited by an accreditation agency approved by the US Department of Education (If regulated by government entities such as the Department of Transportation, the provider should include applicable accreditation);
3. Submit evidence that the institution is currently on its state eligible training provider list and in good standing; and
4. Report student completion data (employment and wage information to the WFD) consistent with WIOA performance information

Regarding performance information, specific participant numbers shall be included to show satisfactory performance in any of the formats listed below:

- a. A certified report or letter from the State's Title I or WIOA Administration agency reporting on the provider's satisfactory performance; or
- b. A certified report or letter from a Local Workforce Development Area within the provider's state reporting on the provider's satisfactory performance.

Out-of-State postsecondary training providers that are not operating within the State of Georgia are not required to be licensed by the Non-Public Post-Secondary Commission of Georgia (NPEC).

Local Workforce Development Boards will review and approve out-of-state training providers based on the needs of the local area and input provider information into the GWROPP for state approval.

Staff recommends that this updated policy be approved.
