

2019 NWGRC Demand Occupations

The NWGRC Workforce Development Board (WDB) provides occupational specific skills training for industries that are stable or have projected growth. Skills training will not be provided in declining industries or jobs that offer minimum wage pay.

This listing serves as a guide. There may be additional occupations in which demand occurs based on the job market or specific opportunities within the broad spectrum of occupations. The NWGRC WDB may provide training for a job where demand is limited, but current openings exist.
